

# Building a Brighter Future

Factsheet – June 2023

## We're Olam Agri

A differentiated and market leading global food, feed & fibre agri-business focused on high-growth end consumption markets.

Our food, feed, fibre, agri-industrials & ag-services capabilities span 30+ countries, and we participate in global food and agri-trade flows, working with farmers and customers to connect local origins and global destinations.

We operate within fast-growing trade corridors which are vital to the food security needs of Asia, Africa and the Middle East, and we're helping to reduce concerns around resource scarcity and the growing impact of climate change by connecting supply with demand through our multi-origination and multi-destination network.
